The Best Innovator Club

The Best Innovator Club is only open to former winners of the Best Innovator competition and meets once each year. Reflecting the wishes of participants, the club is funded entirely by its members and is non-profit making. The mission is to develop a forum for building a unique and powerful group of global thought leaders in innovation management.

Membership in the Club includes senior executives involved in innovation management, technology management, and research & development from multiple industries and organizations globally. Club meetings are designed to encourage networking and exchange of experiences and ideas among members in an appropriate ambiance. Participants reflect on today's important issues and explore trends and best practices in innovation management.
